## Headteacher Message

Just a reminder that children should now be back in full uniform for normal school days and PE kits on PE days. For the PE kit days need to be burgundy shorts and a white T-shirt. Please note that children can come with tracksuit bottoms over the top of their burgundy shorts on cold days but otherwise should have their shorts on. We continue to keep items passing between home and school to a minimum whilst we wait for further relaxation of Covid regulations.

Lessons start at 8.45am and parents should ensure that their children are in through the school doors before then. The doors are open from 8.35am so please bring your children early to avoid a late mark. As Covid regulations and the related school operational guidance remains in place we need to avoid bubbles mixing and any late children are potentially mixing with the Y5 entrance currently. Thank you to all our families who are trying to help us improve our lates. Please be on time!

This week would normally have been SATs week for Y6 children, however, this year the national tests have been cancelled due to the series of lockdowns and periods of remote learning. Our children will still undergo internal assessments before the end of the year to enable us to provide their chosen high schools with the information they need to plan learning. These assessments will allow us to discuss your child's strengths and any gaps in learning that may have appeared. This will be key for a smooth transition into their next year group. We will make sure this information is shared in the end of year reports to parents.

Thank you  
Miss Edwards

## Terrific Time Keepers

It is really disappointing to report that we have no class without late marks this week. It is very important that all children are in school by 8:45am. Remember - Be on time at twenty to nine!

### Year 3 Science

Year 3 had a practical Science lesson this week. The lesson was about seed dispersal. We exploded a balloon with confetti to show the seeds exploding into the air. We also pretended to be animals transporting seeds back to their nests. Alice "I learned that there is more than one way to spread a seed- did you know one way was by water?"
