Headteacher Message

Welcome back! We trust that you all enjoyed the half term break and have made the most of the good weather (which appeared at last).

We have a busy half term ahead with lots of workshops, visitors and active learning planned. Enrichment clubs have also changed and a new programme started this week. These new enrichment clubs will run until the summer.

Towards the end of term we will be completing our final assessments of the year to identify the strengths and gaps in learning. This will also allow us to see the continuing impact of the Covid pandemic on learning across the school. All this information will feed into our curriculum for September so we can strengthen your child's learning. We will share your child's key education indicators in our end of term reports and the final parents' evening of the year.

Transition schedules and the related activities have already gotten underway.

Transition is a key part of the school year to prepare your child for their next phase of learning.

We will continue to follow our current risk assessment until government guidelines formally change and this is reflected in the School's Operational Guidance.

Anita Edwards

Headteacher

Attendance Week Ending 11.06.2021	
R	93.91%
Year 1	96.26%
Year 2	91.75%
Year 3	96.65%
Year 4	99.40%
Year 5	93.08%
Year 6	91.91%
Whole School (weekly)	93.68%
Whole School (Sept to date)	93.88%
Target 97%	

Sun Hat's and Sun Cream

As the weather is much nicer now, please ensure your children are wearing sun hats and sun cream. The sun cream should be applied in the morning before they come into school. Please do not send children in with cream.

Congratulations to our nursery teacher, Mrs Warburton (FKA Miss Bunny) on her wedding during the half term break!

Up coming School Events

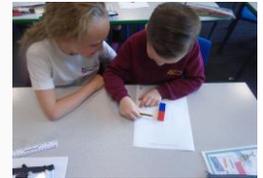

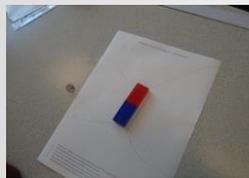

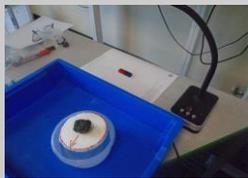

If you haven't already, please pay for this workshop on Parent Pay!

School is closed to pupils for an inset day
Friday 25th June!

Welcome Back
Miss Cowan!

3SI enjoyed a science workshop Tuesday afternoon from 'Hands on Science'. They enjoyed exploring magnetic fields and creating field patterns!

After what seems like forever we finally managed to play a school football match this week - our first for two years.

On a wonderful playing surface we hosted Forest Gate Academy and played out a thrilling 4-3 game with FGA scoring the winner in the last minute.

There were lots of smiles and some great skills shown. It was great to be back!

This week **Reception** went to a science workshop it was called 'Fit for Flight', which linked with our current topic 'Moving on'.

We learnt all about the history of aeroplanes. We saw what the first aeroplane; that was ever built, looked like! We discovered that aeroplanes of the future may have round wings!

We then made our very own gliders using paper and straws, it was a little tricky. When they were finished; we went on to the field and tested them out, they flew very well!

Year 1 enjoyed their camouflage workshop on Tuesday. They found out about why animals need camouflage and then they made their own habitats for butterflies to use as camouflage.

Year 3 enjoyed their first session of enrichment through healthy eating club this week! The taster session was very enjoyable trying new fruits never tried before and learning how 5 a day portions can be helpful for our diets!

Terrific Time Keepers

It is really disappointing to report that we have no class without late marks this week. It is very important that all children are in school by 8:45am.

On Wednesday, The Freshwater Theatre Company visited our **Early Years** setting and delivered 3 Early Years Story Hunt workshops, linked to our topic of Transport.

The children became explorers and went on an imaginary journey and learnt about different types of transport.

Using songs, rhymes and activities, the children learnt about different ways of travelling, and the problems of transport pollution and the importance of road safety.

At the end of the workshop, the children made a story together using the clues they had discovered along the way.

Dates for your diary
