## Headteacher Comment

This week I had the pleasure of spending time in some of our classes to experience their lessons. In Y6 they were taking part in an RE lesson. Children confidently expressed their views and opinions whilst considering evidence to support their views. They had mature discussions, listened respectfully to others and could justify their conclusions. The working atmosphere was a delight, with quiet, calming music helping the children to focus on their independent tasks. Y4CW were learning about 'right action' as part of their topic on Buddhism. The children interpreted images and discussed how they showed 'right action' in the real world. They talked knowledgeably, confidently and recorded their thoughts well. Y4AF were busy using compasses to find directions around the school as part of their geography topic. They found out about the 8 points of the compass and the direction they were travelling as they moved.

It has been lovely to see the children engaging so well in their learning and making such good progress.

Miss Edwards.

**EYFS - RGJ**

Did you know that the 15<sup>th</sup> April 2024 is World Art Day? Each year, people around the world celebrate the promotion and the development, diffusion and enjoyment of art. This day is also the birthday of one of the most famous artists in history, Leonardo da Vinci.

The day is dedicated to appreciating every form of art. This year's theme is: 'A GARDEN OF EXPRESSION: Cultivating Community Through Art. Each class has created a flower, using different types of medium. The flower will represent them personally, and we will then display them in our school as a garden.

Look out for it along our main corridor.
